

Teacher: Lysette Fassinou

Class: Foamtastic Chemistry!

Time: 50 mins

Grades: 9-12

Summary: Have you ever wanted to unleash your inner mad scientist and make elephant toothpaste? Well, here's your chance! In this course, we'll cover some of the chemistry behind the famous Elephant Toothpaste experiment and also recreate it ourselves!

Learning Outcomes/Lesson Plan

- 1) Students will learn the basic chemistry behind the demonstrated reaction in a short lecture.
- 2) Students will observe the chemistry in action and be able to summarize what happened.
